About SOS

Creativity is our super power and Different is our middle name! No boring dinner and a movie dates here! We're all about helping couples spend time together in fun, creative, and romantic ways!

Since 2018 SOS has planned and executed a comprehensive range of romance and travel services for various occasions, such as Valentine's Day, Anniversaries, Birthdays, and Just Because for couples all across the United States.

Meet Danielle

Danielle M. Price, M.Ed. is a lover of three things – Love, Laughter, and Romance!

The most atypical engineer you'd ever meet, Danielle is now an engineer of a different sort - Relationships. She helps couples strengthen their relationship by restructuring their quality time so they can create new memories that last a lifetime!

When she's not acting as Chief Romance Officer at SOS, she is spending quality time with her husband, dancing to Michael Jackson, or cooking.

TESTIMONIALS

We celebrated our 23rd Wedding Anniversary during COVID & we had a blast thanks to Danielle! She arranged an unforgettable weekend for us. We had a photoshoot at the beach with a local photographer (where we practiced social distancing) and went on a romantic carriage ride around town. She even suggested the best restaurants where we could experience exquisite fine dining throughout our trip. To top it off, I ordered the DIY kit to help me set the mood for my wife. I tried my best but my wife greatly appreciated my efforts! I even had fun setting it up. Thank you so much Danielle for planning a much needed getaway during these tumultuous times and for giving us a little sense of normalcy for a few days.!

— B. Caze

"Danielle and her romance team were absolutely wonderful. All I had to give her were dates, location and some of the things my partner and I love to do. She created an amazingly romantic itinerary with the most ideal beachfront accommodations, activities, leisure, and the best food options. The highlight of our trip was a super exclusive excursion Danielle found for us. We had no idea such a thing existed! Thank you Danielle and team for making our celebration unforgettable!"

— K. Hardy
